Data Analyst

priya.nair@example.com · (617) 555-0172 · Boston, MA · [linkedin.com/in/priyanair](https://www.linkedin.com/in/priyanair)

SUMMARY

Data analyst with five years turning messy operational data into decisions in healthcare and e-commerce. Writes production SQL, builds the dashboards leadership plans from, and designs the A/B tests behind product changes.

EXPERIENCE

Marlowe Health

Mar 2023 – Present

Data Analyst

Boston, MA

- Built Tableau dashboards on Snowflake that 40 clinic managers used weekly to plan staffing, reducing overtime hours by 18%.
- Wrote the SQL and dbt models behind a claims-denial analysis that recovered \$2.1M in underpaid claims.
- Led A/B testing of appointment reminders, raising show-up rates from 81% to 88%.

Oakbridge Retail

Jun 2021 – Feb 2023

Associate Data Analyst

Providence, RI

- Automated weekly sales reporting in Python and pandas, saving the merchandising team 12 hours a week.
- Modeled customer churn in Python, identifying a segment that became the target of a retention campaign worth \$640K.
- Presented findings to the executive team every quarter, translating cohort analysis into pricing recommendations.

Oakbridge Retail

Jun 2020 – May 2021

Business Intelligence Intern

Providence, RI

- Rebuilt 15 Excel reports as a single Looker dashboard, cutting report preparation from two days to an hour.

SKILLS

Analysis: SQL, Python, pandas, A/B testing, Statistics

Tools: Tableau, Looker, Snowflake, dbt, Excel

EDUCATION

Northeastern University

2016 – 2020

B.S. Economics and Mathematics
